SWENSENS.

In 1948, Earle Swensen opened his first ice cream shoppe in San Francisco atop Russian Hill, offering his ice cream as "good as Father used to make" and using only the finest ingredients to develop the perfect blend. Since then, hundreds of delicious ice cream flavors have been created by Swensen's and enjoyed around the world.

Our first 200-seater restaurant in Singapore was opened at Thomson Plaza in 1979. Now a household name in Singapore, Swensen's is synonymous with sweet memories of good times shared with loved ones over hearty meals.
